## **Eledon to Participate in the Leerink Partners Therapeutics Forum: I&I and Metabolism**

July 2, 2024

IRVINE, Calif., July 02, 2024 (GLOBE NEWSWIRE) -- Eledon Pharmaceuticals, Inc. ("Eledon") (Nasdaq: ELDN) today announced that the Company's management team will be hosting one-on-one meetings at the Leerink Partners Therapeutics Forum: I&I and Metabolism, on July 9, 2024, in Boston, MA.

### **About Eledon Pharmaceuticals and tegoprubart**

Eledon Pharmaceuticals, Inc. is a clinical stage biotechnology company that is developing immune-modulating therapies for the management and treatment of life-threatening conditions. The Company's lead investigational product is tegoprubart, an anti-CD40L antibody with high affinity for CD40 Ligand, a well-validated biological target within the costimulatory CD40/CD40L cellular pathway. The central role of CD40L signaling in both adaptive and innate immune cell activation and function positions it as an attractive target for non-lymphocyte depleting, immunomodulatory therapeutic intervention. The Company is building upon a deep historical knowledge of anti-CD40 Ligand biology to conduct preclinical and clinical studies in kidney allograft transplantation, xenotransplantation, and amyotrophic lateral sclerosis (ALS). Eledon is headquartered in Irvine, California. For more information, please visit the Company's website at [www.eledon.com](http://www.eledon.com).
